

## Attachment 008

### 52.225-4503 (OSC) Restriction of Critical Items and Components

(1) The items and components listed in paragraphs (2) and (3) are critical to the support of national defense items. As such, it is necessary to create and/or maintain a domestic capability for the production of these items and components by limiting production and procurement to the United States/Canadian industrial base.

(2) Items listed in this paragraph, to include all components contained therein, down to but not including raw materials (unless a more stringent restriction applies as set forth elsewhere in this contract), must be manufactured, assembled, and tested in the United States or Canada. Raw material is defined as material in the mill forms and shapes normally produced for commercial use.

PGU-27 A/B

(3) Components listed in this paragraph must be manufactured, assembled, and tested in the United States or Canada.

In all cases, final assembly and testing of the items listed in the Schedule in Section B of this contract must be performed in the United States or Canada.

"(4) The failure of the contractor or subcontractor(s) to comply with the terms of this clause shall be a material breach of the contract.

(5) The contractor will insert the substance of this clause, including this paragraph (5), in every subcontract for items or components identified above to ensure flowdown to, but not including, raw materials.
